It's absolutely worth it, if bought in a bundle.. Lol looks cool :D. yes to bad not have less damage with bullets because that is kevlar :), and really bad dont use the knife. This be a great dlc if: - Kevlar resist 30% bullets and sharper guns - Use Knife from skin without full slot of guns - Buff agility and melee attack 20% as long use this skin - Possibility repair kevlar with damage take. But still are a great game with good skin.I play tomb Raider since sega saturn, far is Tomb raider 2, then Chronicles,Tomb raider 2013, Tomb Raider Legend and Tomb Raider Anniversary. It's absolutely worth it, if bought in a bundle.. Lol looks cool :D. Worst DLC practice in gaming.. Great skin!!!. This skin makes Lara look like a Veteran fighter ;-)
